My dear Calles

I got your letter
of the 29th and I
am very glad to hear
you hope Mathews
will be able to publish
on sept. 15th. If they
only do their best
I am sure they would
be able to manage
it and I am looking
forward to get
their final decision
which is very important
as the other publishers
are waiting to know
the absolute and
irrevocable date.

I am glad to
hear your opinion
as to America and
I will follow
your advice. Mr
Fahlbeck writes
me he will come
and see me here
in Stockholm and
will not accept
at all if he dont
give me a favorable
proposal

Yours faithfully

Sven Hedin

P.S. Please tell
Mr Stedman that
two of the three
illustrations I sent
him the day before
yesterday belong to
the part of the
typewritten copy which
is just now in my
hands. I have sent
back a lot of it and
send another packet
to morrow and hope
the rest will soon
be here.
